

Press Release for JSMC Health Fair 2013

Jain Society of Metropolitan Chicago organized annual Health Fair on May 5 and May 12, 2013. On May 5, many people benefited from free services offered by JSMC with help from Doctors, Specialists, Microbiologist, Phlebotomist, Lab Technicians, and Nurses. Blood tests included blood count, blood sugar, cholesterol, vitamin D check, and PSA Summary. In addition to Blood tests, EKG, Carotid, Doppler, Echocardiogram, and Bone Density tests were offered to all the participants at no cost. Total of 270 registration were received through online application form. 216 people gone through all the above tests/screenings. Lab work was conducted by Medstar Laboratories at much discounted rate. Overall process flow and room was setup nicely to provide excellent experience to all the participants. EKG, Echocardiogram, Carotid tests were conducted in closed curtain booth style setup to maintain the privacy of the patient. Delicious breakfast with freshly squeezed orange Juice was setup for all the participants, volunteers, Doctors, and Lab Technicians. Two large screen projectors were showing constant updates, instruction along with recognitions for sponsors, Doctors, and volunteers.

On May 12 health fair started at 9am. All the participants from Day one along with few others (walk-ins) took benefit of free consultation services from top notch Doctors, Specialists, and other Medical professionals. Experienced panel of Physicians reviewed patients' lab results and provided guidance for their medical needs. Experts Cardiologist, Dentists, Oncologists, Neurologists, Audiologists, Speech Therapists, Women care specialists, Stress Management specialists, and Pharmacists provided consultation to all the patients. Blood Pressure, Height, Weight, and BMI checkup were conducted as part of this services, too.

JSMC appreciates donation received from many members of the JSMC.
